

Call for Papers

11th Asian Conference on Multidisciplinary Research 2023

"Innovating for a Sustainable Future: Interdisciplinary Solutions for Global Challenges"

We are delighted to be able to offer you the opportunity to present your research to a global audience and listen to the speakers from prestigious global universities. You are invited to join us at the 11th Asian international Conference on Multidisciplinary Research 2023 on 23-24 October 2023 in Kuala Lumpur.

In an increasingly interconnected world facing pressing environmental, social, and economic challenges, the quest for sustainability demands bold and collaborative efforts. "Innovating for a Sustainable Future: Interdisciplinary Solutions for Global Challenges" embodies the essence of progress in the face of adversity. This theme highlights the power of interdisciplinary research, emphasizing the critical role that diverse fields of knowledge and expertise play in crafting solutions for a sustainable tomorrow. From climate change mitigation and resource conservation to equitable socio-economic development, this theme envisions a collective approach that transcends traditional boundaries.

Through the exchange of ideas, breakthroughs, and transformative collaborations, the conference seeks to inspire a united commitment to harnessing the potential of multidisciplinary synergy in building a brighter and more sustainable future for generations to come.

MULTIASIA2023 hopes to provide an interesting platform for researchers, academics, practitioners, policy makers and post-graduate students, to share knowledge, exchange ideas and establish academic relationships.
